

REMARKS

Claims 7, 8, 10 and 11 are in the application.

As a result of the foregoing amendment, claim 7 has been amended to set forth the invention correctly.

Specifically, in the previous amendment, the step of loading the cavity with a filling medium was recited twice. Accordingly, claim 7 was amended to remove therefrom the second occurrence of the step of loading the cavity.

In view of the minor nature of the amendment presented herein, entry of the amendment is respectfully requested.

Respectfully submitted,

FRIEDRICH KUEFFNER
